

If you want good camping gear ask a Bushwalker.

Wherever bushwalkers meet the talk inevitably comes round to camp gear, and nine out of ten bushwalkers will recommend "Paddymade" camp gear for walkers. They know by experience that "Paddymade" gear has "what it takes", without frills and unnecessary gadgets, and at the lowest possible price. Because Paddy Pallin is both importer and manufacturer, there is a minimum of profit taking. "Paddymade" gear is retailed at the lowest possible price, commensurate with quality. "Paddymade" on the label is your guarantee of authentic lightweight camp gear. When the going is tough your comfort and safety depend on good gear.

SAFE WALKING

This pamphlet is prepared for your guidance and safety by the Search and Rescue Section of the N.S.W. Federation of Bush Walking Clubs, so that you may obtain the utmost enjoyment from our beloved bush.

The Section consists of a group of experienced walkers who voluntarily hold themselves ready to go to the aid of all recreational walkers who are reported overdue or injured. It may be contacted at all times through its Honorary Convenor, Mr. "Paddy" Pallin, 201 Castlereagh Street, Sydney. (Telephones: M 2678 (Business) and JM 1610 (Home).)
